\$500,000 Subdivision Starts Here

39 Homes Planned
By R. P. McCulloch
East of Thunderbird

Construction on a \$500,000, moderate-price-range housing project was started here this week by the Desert Sun Development Corporation, an investment company headed by Robert P. McCulloch, Palm Springs resident and millionaire manufacturer of chain saws.

The subdivision, to be known as Tierra Del Sol, is situated on 10 acres on Rio Del Sol east of Thunderbird Country Club. It will consist of 39 houses in the \$12,000 to \$20,000 range, plus a community recreation area probably to include a swimming pool.

The dwellings will contain one, two and three bedrooms, some containing a convertible den. One and two baths also will be available. Lots will be of varying sizes, McCulloch said, and streets are laid out for maximum privacy.

Construction of four of the houses started Monday, and 16 more will begin when additional crews of workmen arrive, probably next week. Some of the homes are scheduled for completion early in October.

McCulloch said most are designed for year around residence. Sales are in the hands of Richard Meyers, of Palm Springs and Los Angeles. The architect is Richard Leitch of Pasadena.

Hanauer Firm Hired as Bond Issue Consultant

The controversy over whether Stone and Youngberg of Los Angeles and San Francisco, or the firm of J. B. Hanauer of Beverly Hills could better serve the city as financial consultant on its proposed sewer bond issue was solved Tuesday afternoon, but not before a new angle was introduced.

Mayor Florian Boyd's questioning whether any consultant was needed. Hanauer's firm was awarded the bid by a five to one vote, with Councilman Frank Miller voting no, and with Ruth Hardy absent. Chief reason for the acceptance of Hanauer's firm was the clause in his bid which stipulated that if the bond election was not successful, there would be no charge for the preparation of the financial survey. Stone and Youngberg had set a \$3,500 fee for the survey.

The successful bid was \$15,000, while Stone and Youngberg's bid was \$14,750, both including the preliminary fee. Regarding Boyd's proposal that possibly a financial consultant was not necessary, City Finance Director Shelby V. Langford, who is acting city manager during the absence of R. W. Peterson, said that it could save the taxpayers money if the prospectus was prepared by a consultant instead of by the city. Bonding companies would be more apt to bid, at a more favorable rate, he added.

The proposed bond election would range between two and three million dollars.

DEATH VALLEY'S FAMOUS
SHORTY HARRIS
Single Blanket Prospector
Shorty Harris' burial beside Jim Dayton in lower Death Valley was quite an occasion. Four hundred CCC boys, an army chaplain and a goodly gathering of desert rats and interested visitors gathered at the site near Eagle Borax and awaited arrival of the hearse from Bishop, as the sun dropped to the crest of Telescope Peak.

All day two old-miner friends had been digging the grave aided and abetted by a jug of firewater hidden behind a clump of greasewood.

When the casket arrived and was measured the grave was too short as the diggers had figured on the length of the "Short Man" and not the coffin.

As the sun dropped behind the Panamints and the chaplain and mourners fidgeted uneasily, a voice came from the grave.

"Bend the so and so in the middle and let's plant him. He won't care."

However it wasn't feasible to bend a coffin but it was lowered on an angle so Shorty was buried with his head up.

City Asks School To Open Play Area to Public

Council Tuesday went on record as not having any interest in a proposed park in Section 19 due to lack of money to buy land, but asked the board of education of the Palm Springs Unified School District to consider having its recreational area at its new school there open to the public.

Councilman Ted McKinney proposed that the school, instead of having a fence around the entire area, fence off the school itself from the recreational area.

Dime Parking Meter Fees Here Proposed

Off-Street Parking Committee of the City of Palm Springs has recommended that city council consider the possibility of changing its parking meter fees from five cents to 10 cents per hour, Dick DeLong, administrative assistant to City Manager R. W. Peterson, reported at the informal council luncheon at Palm Springs Biltmore Monday.

This would be in line with other cities, which currently are charging 10 cents per hour for parking, DeLong said.

The possibility of doing away with the penny charge for 12 minutes, and using only the nickel for a half hour and dime for hour parking, was discussed at the Monday session, but not by the committee.

DeLong said that the meters now in use could be used for either nickels or dimes, but not for both. He presented a model of a new meter which could be adapted for both. Cost of replacing the 247 meters in use in the downtown area during the summer months would be approximately \$14,800, he said, with \$2,000 deducted from this if the old meters are used as trade-ins. Cost of each of the new meters is \$47.50.

The monies realized could be applied toward reducing costs of future parking districts, the committee said in its recommendation.

Next meeting of the off-street parking group, which is composed of three councilmen and three businessmen, will be the latter part of August.

Council did not take any action on the meter proposal.

Jittery Wives Called Aid to Fewer Deaths

CHICAGO—Don't laugh at your wife because you think she's a scare-crazy. The National Safety Council says feminine prudence and skill are playing a part in holding the accidental death toll of women to about half the toll of men.

The Council's statistical yearbook, "Accident Facts," which is just off the press, also points out, however, that men are more exposed to danger because of their occupations and activities.

More women than men were killed in falls in 1954—the latest figure available. But the difference was not very great—551. And in all the other seven principal causes of accidental deaths, men outnumbered women.

Motor vehicle accidents killed 26,725 men, 8,861 women; falls, 9,610 men, 10,161 women; fire burns, 3,372 men, 2,711 women; drownings, 5,450 men, 884 women; railroad accidents, 2,129 men, 487 women; firearms, 2,016 men, 265 women; poison gases, 881 men, 342 women, and poisons (except gas), 779 men, 560 women.

Palm Canyon Bonds on Sale

City council Tuesday authorized the sale of bonds for street lights and trees on South Palm Canyon Drive, in the amount of \$155,000, as authorized by voters at the February election, and directed City Clerk Louise McCann to request bids for the project.

Defective Wiring Starts House Fire

Damage estimated at \$25 was caused by fire to a wall of the home of L. Higgenbotham at Bridgehaven near Whitewater Sunday morning. The fire was believed caused by defective wiring, according to the California Division of Forestry.

Blood Clues Revealed at Perkins Trial

Found in Cloth in
Defendant's Pocket
And Under His Nails

The prosecution Wednesday continued its attempt to wind a web of evidence around Laurence Perkins, who is charged with the hatchet slaying of his wife, Inez. It expected to complete its presentation today.

The defense is expected to take at least three to four days, with the case likely to go to the all-women jury by Tuesday or Wednesday.

The 57-year-old Oroville, Washington, rancher is accused of killing his wife on the eve of their second wedding anniversary May 31, while she lay asleep on a chaise longue outside their trailer.

District Attorney William O. Mackey and Deputy D. A. John Morgan have sought by witnesses so far to establish facts found by officers on the night of the murder, discrepancies in comments of the defendant with what was found, and what was revealed by investigation.

POSSIBLE DEFENSE presentation of the physical condition of the defendant (he walks with crutches due to a back injury) was anticipated by the prosecution in its presentation Wednesday.

Mr. Copithorne of Los Angeles, a weekend resident of the trailer park located just outside the city limits of Palm Springs, told of seeing Perkins walk without the use of his crutches for a distance of from eight to 10 feet, and that at one time he saw him move a card table.

Mrs. Howard Provis, a resident at the park at the time of the murder and who now is in Santa Barbara, told of seeing Mrs. Perkins writing while on the patio about 10:30 p.m., on the night of May 31.

A RAG FOUND in the pocket of Perkins' shorts the night of the murder came in for attention, with testimony of Lloyd Bohler, special investigator for the D.A.'s office, admitted by stipulation. The rag was analyzed and found to contain blood, according to prosecution witnesses.

Sheriff's Lt. Ed Brown testified that Perkins told him that he had dropped the rag the night before, and that he did not know how it had been returned to his pocket unless it had been placed there to incriminate him.

Deputy Paul Lewis told of the scraping of Perkins' fingernails to ascertain the contents there, and the prosecution later showed that chemical analysis revealed that there were seven to 10 chunks containing blood, but that it was unable to determine whether or not it was human blood.

EARLIER WITNESSES were Deputy Sheriffs Carroll Vogelaar and Don Gorman; Palm Springs Police Officer W. L. Jessup, Bob Davis and Nick Maff; and Dr. Thomas Jones, Riverside county pathologist.

In cross-examination of Dr. Jones, William Shaw, defense attorney, established that the autopsy performed on Mrs. Perkins showed that death could have occurred just prior to the time the defendant notified police.

Perkins claims that he was awakened by a noise outside the trailer, and when he reached the trailer door saw an intruder running away.

\$550,518 City Tax Total Set For Fiscal 1957

City council Tuesday afternoon officially fixed the amount of money to be raised by taxation for the 1956-57 fiscal year, retaining the previously agreed total of \$550,518.

Tax rate for the year will be set at the August 21 meeting of council.

The total amount to be raised is divided as follows:
For carrying on of departments of the city not specifically mentioned, \$374,502; maintenance and operation of park facilities, \$12,900; providing and maintaining parks and music, and for advertising purposes, \$48,000; maintenance and support and purchase of property necessary for the Woodward Murray Memorial Library, \$31,300.

Maintenance and operation of sewerage facilities of the City of Palm Springs, \$14,106; annual interest and principal due of 1949 bonds, \$60,000; annual interest and principal of 1956 bonds, \$9,650.

ON TRIAL for the May 31 hatchet slaying of his wife, Inez, is Laurence Perkins, left, pictured in front of Department 4, Riverside County Superior Court, in Indio, with Officer Joe Carrillo. Perkins' trial started Monday. His only comment when the picture was taken was "I don't see any reason for posing for this because I won't see the paper anyway." (Gillman Studio Photo).

Summer Check Of Vacant Homes Called Successful

Annual summer check of vacant homes in the City of Palm Springs has proven very successful, Police Chief August G. Kettmann reported today.

The department is now checking 376 homes as often as time permits. Owners are either winter residents, or are now on vacation.

"While some break-ins have been discovered, and these shortly after they have occurred, the number is considerably lower than last year," Kettmann said.

He urged persons planning to leave the Village for any length of time to fill out a vacant property report, in order that the department can check the property and discover as soon as possible any burglary or break-in, and thereby lead to possible early capture of the suspects.

Reports concerning the property are sent to property owners absent from the Village for any great length of time.

Sgt. White Made Acting Captain

Sgt. Bob White will be acting captain of the Palm Springs Police Department during the vacation of Capt. Orest Johnson, who will be gone until August 23, Chief August G. Kettmann announced this week.

Sgt. Ted Greene will take over the desk sergeant duties of Sgt. Bill Lux during his vacation in Mexico.

State's Influx Of Autos Rises

Automobile influx into California continued its record-breaking pace during the first half of 1956 as 816,910 cars, carrying 2,133,354 passengers, entered the Golden State, the Automobile Club of Southern California reported today.

The four per cent increase over last year's semi-annual mark was not reflected in Southern California, where the 441,327 cars, with 1,134,069 occupants, was slightly behind last year's record of 445,740 cars with 1,170,108 persons.

Santa Catalina Paving Job Let On \$17,427 Bid

J & S Paving Company Tuesday was awarded the contract for paving of Santa Catalina, Assessment District No. 19, with a bid of \$17,427.

Only other bid received by city council was from Massey Rock, \$18,894.50.

The estimated cost of the project as prepared by Director of Public Works Frank Hamerschlag was \$17,962.90.

At the meeting, council set hearing dates on the spread of assessment for Districts 15, Vista Del Cielo, at 3:10 p.m., August 21, and No. 17, Via Soledad, 3:15 p.m., on that date.

Kuchel Seeking Fund for Date Research Work

United States Senator Thomas H. Kuchel of California has been pressing the Agriculture Department to start research projects on the sorting and handling of dates in the hope of finding ways by which American growers can cut costs and better meet foreign competition.

While the Department is studying requests for a Tariff Commission hearing on the adequacy of present duties on imported dates, Kuchel wrote Assistant Secretary Earl L. Butz that he feels a small amount of appropriations for agricultural research in the fiscal year which started July 1 should be spent in investigations that could assist the California date industry in improving production and processing methods.

"Our American farmers cannot compete with the extremely low wages received by foreign farm workers except by increasing the efficiency of their own operation," the California Senator told the Agriculture official.

Kuchel specifically urged the Agricultural Research Service to study possible means of reducing the amount of hand sorting and packing, including further testing of an electronic device for measuring moisture content.

Assistant Secretary Butz earlier assured the Senator that the department will weigh carefully recommendations for various research projects submitted not long ago by the Citrus and Subtropical Fruit Research and Marketing Advisory Committee.

Villagers Fight Concrete Plant

Riverside County Gets State, U.S. Funds for New Hospital Wing

Riverside County was the only one of 10 applicants to receive state and federal funds for a new chronic disease hospital wing, Dr. Benjamin Goldberg, of Palm Springs, reported on his return from Sacramento.

He appeared before the State Council of Hospitals of the California State Department of Public Health.

All state funds allocated for this division, \$219,763, were granted to the Riverside County General Hospital project, which had top priority on the list at the meeting. The federal government will match this amount, as will the county, for a total of \$659,289.

THE COUNTY'S matching funds will come from the \$2,404,000 bond election voted overwhelmingly this year. Dr. Goldberg was in charge of this bond election, and now is consultant to the supervisors in regard to the hospital construction, on a volunteer, unpaid basis.

The funds will be used to construct a 120-bed combination chronic disease and nursing disease hospital unit at the General Hospital.

In emphasizing the importance of such a unit at the hospital, Dr. Goldberg said there are 5,350,000 persons in the United States who are suffering from chronic diseases and are unable to care for themselves.

IN RIVERSIDE County in 1955, when he was foreman of Grand Jury, a spot check at the General Hospital revealed 70 patients using beds in the acute wards, who would be there for an average of two years. This prevented 2,100 patients suffering acute diseases from receiving care in one year's time, he said.

Under the new program, the aim will be to take such a disabled individual with a chronic heart ailment, stomach or bowel disorder, or any other condition, even an inability to use the limbs, and rehabilitate him so his functional capacity for self care, as well as a return to employment, in many instances only partial, can be accomplished.

The combination chronic disease and nursing disease unit, along with construction of living quarters for interns, will be the first phase of construction at the General Hospital with only \$400,000 of the bond election to be sold this year.

Other bonds will not be sold until needed, he added.

County supervisors Monday, upon receiving word of the success of Dr. Goldberg at Sacramento, adopted a resolution of appreciation for the time and effort he spent in securing the appropriation.

Protest Move Proposed by Milton Hicks

Hearing Continued
On Concrete Yard
On Highway 111

By THELMA GOODSPEED
A hearing held in Riverside Tuesday by the Riverside County Planning Commission on an application by Milton Hicks of the Palm Springs Builders Supply Co., Ltd. for a zoning variance to permit him to construct and operate a concrete read-mix plant and building materials yard two miles west of Cathedral City, ended in continuance to September 25 to permit further testimony.

Ned Mitchell, Indian agent, Department of Interior, complained that he had not been notified and asked continuance. The Cathedral City Chamber of Commerce asked for additional time to permit further investigation, and Mrs. Austin McManus said that many Palm Springs on vacation had not received notices.

HICKS TOLD the commissioners he plans plant use of only two acres of the 120 acres he has leased from the Indians. There will be no operation whatsoever, he said, closer to Highway 111 than 750 feet, and the plant itself will be 800 feet back from the highway with a green buffer zone in front.

W. R. Hillery of Cathedral City who spoke against the plant said an elevated bridge is to be built on the highway in vicinity of the plant and expressed the opinion that it would be impossible to hide anything from the bridge height.

MRS. AUSTIN MEMANUS who described herself as a resident of Palm Springs for the past 70 years, said the property adjacent to the Hicks property which she just sold to the Palm Springs Capital Company for \$800,000 has been in her family for many years.

She said that because of its exceptional beauty she has hung onto it over the years, refusing many offers, waiting for some such offer as that made by the Palm Springs company with plans for an exclusive development.

"All my waiting will have been to no avail," she declared, "if this plant is allowed to go in."

Frank Bogert said the Palm Springs Capital Company expects to spend a million dollars in developing its 640 acres with a golf course and other improvements similar to Thunderbird with which he is also connected. He said he will continue to protest any commercial development in the area.

GEORGE GANNON, executive vice president of the Palm Springs Capital Company, also lodged a protest in behalf of the directors of the firm.

Muriel Fulton said many members of the Palm Springs Real Estate Board are opposed to the plant but several of them would not speak up because of their friendship with Milton Hicks, a long time Palm Springs resident.

Miss Fulton also protested as a representative of the Palm Springs Park Board. She said establishment of the plant would be a foot in the door setting a precedent that would be hard to combat.

THE REAL ESTATE board, in a letter to the planning commission, had not expressed strong opposition but had urged that installation of a green belt be required and other measures taken to protect adjoining property owners.

Hicks, the lone proponent of the plant to speak at Tuesday's hearing, explained that the present location of the Palm Springs Builders Supply Company on Sunny Dunes Road in the city of Palm Springs, is becoming too crowded. It was established there a number of years ago.

"We need more room," he said, "and we plan to make the proposed plant as attractive as possible." He said the company's rock crusher is in Whitewater Canyon and there would be no crusher at the new plant. The access road into the plant would probably be paved, he said.

Answering questions as to the number of trucks which would go in and out of the plant, Hicks said about six trucks will be used regularly, each carrying a load an hour.

Kratka Urges Farm Labor Camp Controls

To the county planning commission Monday went a request from the Riverside County Farm Bureau that the county's zoning ordinance be revised to require permits for the establishment of farm labor camps.

Miles W. Kratka, president of the Bureau, told the supervisors that in some instances farm labor camps have been placed too close to farm residences.

County Notified Of Increase in Federal Road Aid

The Federal Aid Highway Act of 1956 provides for an increase of 18 per cent in federal payments for county roads under the federal aid system, the County Supervisors Association of California advised the board of supervisors Monday.

They said many counties would be interested in a state legislative program which would furnish matching state funds to increase the allotment to counties. The matter was put on the board table for study.

"If the state were to provide full matching of federal aid, there would be an additional amount for matching federal funds of \$1,448,757," declared Vincent T. Cooper, assistant manager of the association.

Riverside County's share of federal aid this year, according to Cooper would be \$296,908. This amount would have to be matched by \$100,000 from state funds and \$111,390 local funds, making a total of \$508,307.

New Fingerprint Law Initiated

New fingerprint ordinance for the City of Palm Springs had its first reading before city council Tuesday afternoon.

Major changes are the charging of a \$1 fee for five-year permits, and the addition of classifications to be fingerprinted.

Absentee Reports Malicious Mischief

Malicious mischief, breaking of flower pots and other damage in the yard, was reported to police Friday by James Mitchell, 1328 East Alejo Road, after he returned home from a five-day stay in Los Angeles.

Village Building Has Another \$1,000,000 Month

Building valuation in the City of Palm Springs again jumped over the \$1-million mark during July, after dropping below that figure for two consecutive months, Jack Sanders, chief building inspector, reported today.

Last month was the fifth this year to surpass the million dollar figure.

Total valuation in July was \$1,105,400, with the largest single permits going to the Nellie Coffman Junior High School construction, \$226,000, and the Chi Chi for remodeling and addition, \$120,000.

New homes again led in classifications, with 17 permits issued for construction costing \$281,000. Other permits issued were: Nine home additions, \$25,600; 10 apartments, 27 units, \$206,500; two hotel additions, \$6,600; 18 swimming pools, \$69,000; eight commercial additions and alterations, \$130,200, including Chi Chi; three new commercial, \$149,000; one hospital addition, \$9,500; two demolitions, \$2,000, and the school, \$226,000.

The valuation for July was approximately \$400,000 above that of the same month last year, when permits were issued for \$714,937 worth of construction.

Total through the first seven months of 1956 is \$8,043,943, more than \$2-million above the figure of \$5,927,480 for the same period in 1955.

Charity Censors Naming Put Off

Naming of members of a Social Service Commission to screen charity fund drives in Palm Springs was postponed by Mayor Florian G. Boyd at Tuesday's city council meeting until August 21.

Boyd explained that it had been impossible to contact all prospective members in time to secure acceptances.

DHS Organist Passes Milestone

John B. Ledwon, the nationally-known teenage organist who with his parents, Mr. and Mrs. R. J. Ledwon, formerly made his home in Desert Hot Springs, recently celebrated his fifteenth birthday and one hundredth appearance during a Canadian vacation trip.

The Ledwons now make their home in La Canada. Johnny was featured, during the trip, in a 20-minute program of organ music over station CHCT-TV, Calgary.

Blythe, Indio Deputies Exempted From Private Practice Restriction

Acting upon a recommendation by Personnel Director Donald E. Spencer, the supervisors amended the private practice restricting ordinance they recently adopted, and exempted the part time district attorney's deputies employed in Blythe and Indio.

In a report to the board Monday, Spencer observed that the deputy in Blythe spends considerably less than half time on his county job, and draws only \$235 per month. He said it would not be practical to employ the man full time because Blythe is too far removed from other communities, and that if he was employed full time the salary would have to be on the five-step plan with a range of \$471 to \$565 per month.

Because of the Superior Court in

Indio, Spencer said the Indio part time deputy has more to do. He is paid a salary of \$360, but he pays his own office rent, has his own office furnishings and law library. Were he employed full time, Spencer observed the county not only would have to increase his salary, but would have to furnish him with an office, since he would be prohibited from private practice and would have no use for an office of his own, and would have the cost of a law library.

Supervisor George Berkey has previously urged the board to eliminate part time deputies from the ordinance because he said if the Blythe and Indio deputies are not allowed to continue their private practice they will feel it necessary to resign in order to make a living.

Villagers Visit Shifted Pastor

The Rev. Deran Yaylian, who was assistant pastor of the Palm Springs Community Church for three years before being named pastor of the St. Andrew's Presbyterian Church in San Diego, has not been forgotten by his Palm Springs parishioners.

At his first sermon July 1, there were 18 Villagers sitting in the pews. The following two Sundays there were more than 12 each time, and some persons reported to him that they plan future visits whenever possible.

Among those in attendance were the Jack Williams, Dr. and Mrs. Fifield, Lee Keith, Dorothy Hall, Helen and Robert King, Alta Weide, Roy Davis, Helen Starry, Nellie Wyde and Hazel Critchlow.

Juveniles Leave Beer Cans and Take Two Cats

Flares, beer cans and cats occupied the attention of juveniles Friday night parking in the vicinity of Los Compadres club house, 1849 South El Cielo Road, according to Cliff Campbell.

Campbell reported to police that juveniles who had parked there during the night hours had removed flares from the Araby Point barricades, had left beer cans and other litter, and had taken two of his cats when they left.

Silent Burglar Alarms Available

The State Burglar Alarm System announced today that it is prepared to install silent alarms in any Palm Springs business or home, with lines traveling directly to the police department where the alarm will sound.

These silent alarms are similar to the ADT which has proven successful in over 600 towns and cities in the east, according to L. M. Guyon of the company.

There is no sound at the point of entry, and the burglar is not aware that a warning has been given until the police arrive at the scene, he added.

Cooler Catches Fire

Fire Station No. 2 answered a call for a cooler fire at the Palm Springs Biltmore Hotel at 4:58 p.m., Monday. Only minor damage was caused.

Supervisors Balk At Restrictions In Idyllwild Gift

The county board of supervisors decided Monday to hold up acceptance of a deed from Idyllwild Mountain Park Company for an extension of Fern Valley Road and for acreage for a parking area, until they visit Idyllwild August 14 for a meeting with its people.

The supervisors balked at the restrictions contained in the deed. "Anything with deed restrictions worries me," remarked Supervisor George Berkey.

Supervisor Paul Anderson wondered how the county would be able to police the property.

The parking area is located at the Idyllwild wilderness areas. There are 19 acres in the tract, adjoining federal land on the east.

Included in the deed restrictions are the following: The county must construct a six-foot chain link fence and three strands of barbed wire topping, including a gate, around the inlet works of the Fern Valley Mutual Water Company situated immediately below the 19 acres at an estimated cost of \$350; and county must construct and maintain a road to be completed on or before July 1957, and must construct and maintain the auto parking area and a recreational center and a adequate restroom facilities, the parking area to be completed by July, 1958.

The property is to be used, according to the deed restrictions, solely for public road, auto parking and recreation, and the premises are not to be used for maintenance or operation of any concessions or business of any nature.

Howard Figures Pool Total Here At New High

A Texan bragging about the Lone Star State has nothing on Hotelman Bob Howard when it comes to Palm Springs' swimming pools.

Howard, owner of Palm Springs Howard Manor, is jubilant over his latest tabulation of pools here.

Howard, who has been campaigning to gain recognition for Palm Springs as "The Swimming Pool City," discloses that all swimming pool building records were smashed in Palm Springs for the months of June and July.

He said today that 33 swimming pools were built during this period, or an average of 46 and a half pools per month. This brings the total number in town to 1,137.

And it strengthens Palm Springs claim to the world's highest per capita swimming pool rate. This Spring the rate was one pool for every 12 residents. Now it's one pool for every 11 and a half residents.

County Okays Hospital Vote

Riverside county supervisors Monday approved the request of the Desert Hospital District of Palm Springs to hold its election of directors in conjunction with the November general election.

Terms of three directors will expire this year — Kenneth Kirk, Florian Boyd and Clifford Babin of Desert Hot Springs. If all three file, and no one else enters the race, they automatically will be reelected and the election will not be held.

Visitor's Death Is Laid to Heat

Cause of death of Thomas Woodfolk, 29, Los Angeles, who was found unconscious July 25 near a building in the 600 block on Lacy Road, has been officially given by the county coroner's office as a heat stroke.

Woodfolk died the following morning at Desert Hospital without regaining consciousness.

Due to the circumstances of the case, an autopsy was conducted at Wiefels and Son Mortuary by Dr. Thomas Johns, Riverside county pathologist.

Red Cross Board Elects Langford

Shelby Langford, chairman of the Palm Springs Branch, has been named a director of the Riverside County Chapter, American Red Cross. He represents the Coachella Valley, Palm Springs and Palo Verde Valley Area.

Other officers named were Alton Long, chairman; Mrs. R. P. Shea, Riverside, vice chairman; Mrs. J. E. Clougherty, Beaumont-Banning area; Wilson Briggs, Corona area; Mrs. L. B. Ziegler, Hemet, Mountain and San Jacinto areas; Capt. T. J. Butler, Peris and Elsinore areas; Mrs. Paul Oertel, secretary; Norman Norsworthy, treasurer; Mrs. James Wortz and Harry Wells, assistant treasurer.

Clipping grass within one inch or closer of the ground removes so much of the foliage that grass plants cannot make enough food to sustain growth.

County Orders Controller Job Study Continued

County Auditor Ray Hicks and County Administrative Officer Clay Begole told the Board of supervisors Monday that they believe better management and control of departments could be effected should the office of controller be activated.

The two officials gave their opinion as the result of a study which the board had asked them to make because of a 1955 Grand Jury recommendation that the law which provides that the office of county controller shall be held ex officio by the county auditor be made operative.

The law further provides that the auditor-controller shall be the chief accounting officer of the county, and that under the direction of the board of supervisors a general supervision of accounting methods in various county departments and districts, and shall make special audits and perform other like duties.

A unanimous vote by the five members of the board of supervisors is necessary to make the office of controller operative. The board is required to appropriate funds for personnel, equipment and other expenses and may provide for compensation for the controller in addition to the auditor's regular salary.

Hicks and Begole said further studies should be made before any action is taken. They recommended that their studies continue for a year to be followed by submission to the board of a report in sufficient time to be considered at the preliminary hearings on the 1957-58 budget.

Acting on the recommendation, the supervisors asked the two officials to continue their studies.

Carnation corner

by June Goodie
CARNATION HOME SERVICE DIRECTOR

It's here! It's here! Carnation Fresh Peach Ice Cream...and it's every bit as delicious as you remember it. What's the secret of its extra special goodness? Peach! Plump, tree-ripened beauties carefully selected for their ripe, sunny flavor. They're carefully puréed and skillfully blended—the Carnation way—all through creamy-smooth Carnation Ice Cream. Only Carnation could make it so good!

And Carnation doesn't stop there, either. Additional pieces of these sweet, juicy peaches—lots and lots of them—are added to make Carnation the peachiest Fresh Peach Ice Cream you've ever tasted. Serve it plain or fancy, but serve it often while it lasts. Here are two of my favorite ways:

Just Plain PEACHY

Alternate diced squares of lime gelatin with CARNATION FRESH PEACH ICE CREAM in sherbet dishes. Garnish with whipped cream, if desired.

Peach Fancy

Spoon CARNATION FRESH PEACH ICE CREAM into sherbet glasses. Top with a fresh or canned peach half, cut side up. Place sugar lump which has been dipped in lemon extract into peach hollow. Light and serve flaming. (Guaranteed to impress even the Boss' wife.)

A PEACH IS A PEACH IS A PEACH?

Is a peach really a peach? Authorities can't seem to agree. Some scientists claim it belongs to the prune family. Others classify it with the almond, nectarine and apricot. It's Latin name is *Prunus persica*, meaning "Plum from Persia." Oh well, no matter what we call it, it's delicious—especially when we enjoy it in Carnation Fresh Peach Ice Cream. Don't you agree?

Carnation... The Milk & Ice Cream served at fabulous Disneyland. Visit our old-fashioned Ice Cream Parlor.

Palm Desert

By GRETCHEN CHEESEMAN

The Shadow Mountain Club will be closed for the entire month of August. This community will miss spending their days and evenings there around the big pool.

Mr. and Mrs. Rod Harris and family, who have occupied the Robert Reid residence for the past month, will soon return to their home in Atherton.

Mr. and Mrs. L. G. Baird leave tomorrow for Arrowhead Springs. Mr. Baird is going to Kansas City August 5 for a week. Mrs. Baird will remain in Arrowhead and may go to Salt Lake City where Mr. Baird will join her. August 16 will find this couple in Idyllwild and Oceanside; they will return to their Sun Lodge September 1.

Mr. and Mrs. Roy Sanders left Wednesday for a month's vacation in La Jolla. They plan to take a short trip to San Francisco, returning home the end of August.

Mr. and Mrs. Bob Smith and daughter, Janet, are following a tried and true vacation pattern—Newport Beach and Laguna with friends and family. Mr. Smith is the assistant manager at Shadow Mountain Club. They will return home the last of August.

Mrs. Hudson Werder, owner and manager of Shadow Mountain Terrace, has spent much time near Disneyland with her son. She expects to go north in August and will contact many of her winter guests in Oregon, Washington and British Columbia.

Mrs. Charlotte Steward and Mrs. Isabelle Belyea left Tuesday for Hawaii. Mrs. Belyea just returned from there Thursday. They plan to be gone about two weeks.

Mrs. E. E. "Bobbie" Reichert left Friday for Appleton, Wisconsin, where she will stay about a week. From there she will go to Albuquerque, New Mexico to meet her daughter, Virginia, who is attending college there. They will be home about August 12.

Mr. and Mrs. Robert Fittman, who have a home in the Sun Lodge Colony, departed July 29 on the Holland Line "Beinertdyke" a freighter that will take them to Antwerp, Belgium, after 24 days at sea. The trip is through the Panama Canal and on over the Atlantic. They will visit England, Belgium, Scotland, Norway, Sweden, Denmark, Finland, France and Italy.

Mrs. Charlotte Steward leaves the desert for this month and can be found at Lazy H Ranch in the Pala Valley. Mrs. Steward's son, Harry Steward and family live at nearby Del Mar, so she should have a varied summer climate "menu" of mountains and seashore.

Mr. and Mrs. Horace Maxwell, who spent their first winter on the desert, are summering in Tacoma, Washington, for the moment. Later they go to a hunting and fishing lodge in Canada, and join Dr. and Mrs. Nicholson, who also spent a few weeks with the Maxwells last winter.

Mr. and Mrs. LeRoy Young and their children will be in the desert all summer. Mr. Young is an engineer working on a Coachella Valley water project. They leased Crater Lake in Oregon with a depth of 1,996 feet is the deepest lake in the United States.

the home belonging to the Robert Hansons.

Mrs. Refa Deaton has left the desert for three months. She will motor north stopping in Woodside and Santa Rosa. There she will visit her brother, who has a cattle and sheep ranch near Booneville, California; then a week or two of fishing on the McKenzie River, and a week with another brother in Yakima, who has a but not least, a month of big game hunting deep in the primitive wilderness of Canada, at Minac Lodge.

Berkey Wants Prisoners Kept At Indio Camp the Year Around

Supervisor George Berkey told his fellow supervisors Monday that after a visit to the Coachella Valley road camp near Indio he is convinced that prisoners housed there could be kept busy on road work the year around. He said that keeping prisoners there, probably on an honor basis, could do away with the expense of transporting prisoners back and forth from Riverside to Indio. Such a division of prisoners might also eliminate the present overcrowding of the jail in Riverside, said Berkey.

"Facilities are already at the road camp," Berkey noted, "and the men could do the work of adding an extension." "It would be a solution to the transportation problem," agreed Supervisor Paul Anderson. "I'm opposed to that sort of thing," said Supervisor Fed McCall. "It would be a lot of expense and besides, the prison is not overcrowded." "The sheriff and the courts now have the prerogative of sending prisoners to road camps or wherever they think best," said Supervisor Roman Warren. After further discussion it was decided to ask the road department "to consider a means of reducing the need for transporting prisoners back and forth between Indio and Riverside."

City Humane Officer Named

William A. Mueller, 31-822 Avenida El Pueblo, has been named City Humane Officer to replace John Thomas, who resigned to accept a position with the U.S. Forest Service at Idyllwild.

Mueller formerly was employed by an automobile company in Los Angeles. He officially started his new duties here yesterday.

EDITOR'S CORNER

By OLIVER B. JAYNES

STRANGE STORY OF ENG AND CHANG

Almost everyone has heard about the Siamese Twins. Because they lived a full lifetime attached to each other they became the best known twins in history. They were born in a little village in Siam on May 11, 1811, bound together by a thin band of skin attached to each at the hollow of the chest. They did not become world-famous until the age of 18 when they were permitted by their mother and the King of Siam to visit America. Their names were Eng and Chang.

For several years the famous pair toured in the United States, England and the Continent where exhibitions were held. The greatest people of their time came to see the twins and marveled at the strange sight of two young men who lived and thought as one person. After traveling all over the world the twins decided to settle down to a normal, private life and selected the mountains of North Carolina which they liked because of the fine air and climate. What happened to them after that is a fascinating — almost unbelievable — story which few people know. I learned of it while vacationing in those same mountains, and believe readers of The Desert Sun will find it as interesting as it was to me.

They Never Quarreled

The most amazing thing about the Siamese Twins was that they seemed to think as one person. When one became tired, the other did also. They liked the same foods; they both became sleepy at the same moment. Both became sick and recovered at almost the same time. Eng and Chang never quarreled with each other and were said by those who knew them to be quite good-natured and friendly.

The twins first lived in Wilkes County, North Carolina. They liked to hunt and fish in the beautiful mountain country and are said to have used the same gun. They obtained work on farms in the region and could do the work of four men. They were almost exact size—a little over five feet tall. Their combined weight was about 200 pounds which they shared equally. They were fast runners despite their attachment to each other and were light and quick on their feet.

THRIFT'S BIRTHDAY

This is an anniversary year of which thrift is the birthday cake and security its candles. Its celebrants are millions of Americans in every conceivable occupation, in every economic and social level. They are the investors in series E and H Savings Bonds.

Fifteen years ago, in 1941, the United States Treasury Department tentatively began a program to raise money for national defense and as a brake against inflation by borrowing from as many persons as possible. This was the birth of the series E Bonds. It was the birth also of what was to become the largest thrift program of all time.

Treasury officials are human, rumor to the contrary notwithstanding, and none among them could have foreseen, or even dreamed of, 15 years ago, the incredible growth of the Savings Bonds idea until today it has become an in-

tegral part of the American way of life. According to Treasury Secretary George M. Humphrey more than 40 million Americans today own more than \$40 billion in series E and H Bonds, the latter being added to the thrift program in 1952. And of these bond owners more than 8 million are saving more than \$160 million a month through the payroll savings plan by means of the patriotic cooperation of the huge corporations or the small businesses where they work, and of organized labor as a friendly and persuasive associate.

It was to be expected in the fervor of the World War II years that a great many Americans would buy Savings Bonds, and a great many did. But when the war was over, and the fervor gone, they kept on buying them—that is the astonishing thing, and that is the astounding commonplace these millions of Americans are celebrating this year.

From an early age the twins were well developed, both mentally and physically. After coming to America they learned to speak English quickly, and later mastered mathematics.

Twins Marry Sisters

In 1843, when they were a little over 30 years old, Eng and Chang married sisters who lived in Wilkesboro. A special act of the North Carolina Legislature allowed the twins to acquire a surname, and thereafter they were known as Eng and Chang Bunker. Soon after marriage the two bought large farms and built two houses which were about a mile and a half apart. They solved this problem by agreeing to spend three days back and forth at each other's homes. So, in turn, each was a husband and the other a guest.

Eng and Chang were devoted fathers to their large families. Chang had ten children and Eng had nine! The men prospered as farmers and became known in the locality as smart business men. They were also generally regarded as good citizens of their community.

Inseparable in Death

At the age of 59 Chang suffered a paralytic stroke from which he did not fully recover. This time Eng was not affected and the two continued to live as before although Chang had to lean on his twin brother to get around. Then one night four years later Chang complained that he was not feeling well and the two brothers went to bed, with Eng still in good health. In the middle of the night Eng awoke to find that his brother had died. Although still in apparently perfect health Eng immediately became violently ill and died an hour later before a doctor arrived.

The doctors of those days disagreed as they still do. Some said that the Siamese Twins could survive separation by surgery, some said they could not. An autopsy settled the argument, for it was found that one of the vital organs was shared by each twin. An operation would have proved fatal.

Eng and Chang lie buried in the same grave, together in death as they were in life. Their grave may be seen today near the town of White Plains in Surry County, North Carolina.

AS OTHER EDITORS VIEW THE NEWS

No Forgiveness
Marion (Iowa) Sentinel

... More than any other public official, Richard Nixon was responsible for the exposure of Traitor Hiss. His persistent and patriotic search for the truth made him a hero to millions of good

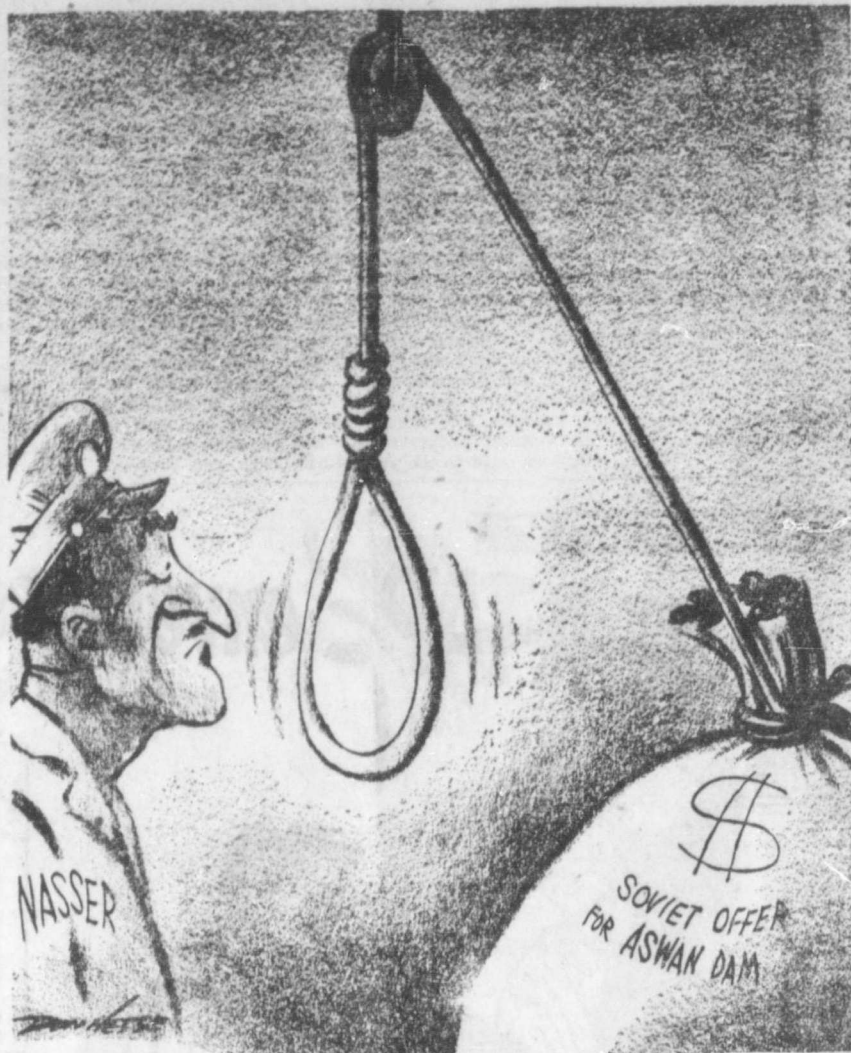

Americans and a bum to the Communists and "liberals." They have never forgiven him for digging out the truth about Hiss, and they never will. That fact makes it easier to understand the smears and misrepresentations...

Greetings

To the Editor:
Aloha to you all, and to our many friends in Palm Springs. As we brought some of the Desert Sun here, we wish we could bottle and bring back the mist of rain. Also the beautiful foliage, flowers, and plants for summers only. Our season climate in Palm Springs is not to be beat.

ROSE and LEIB ROSEN

There's a String Attached

THIS SIDE
of The Sun

By Phat

People use various expressions to describe things which are not quite all right. For instance, my British friends say: "It isn't cricket."

Keeping in touch with Palm Springs while on vacation, by scanning the weather reports each day, I note that the desert has experienced its usual July rains.

Well, despite my English acquaintances, it will be all right with me if everything now isn't cricket.

THAT SUGGESTION by Kenneth Hahn, Los Angeles County supervisor, that the L.A. board be increased to nine members, should be of interest in Riverside County, especially the desert area.

Hahn advanced his idea because, he said, five supervisory districts cannot give adequate representation to all of the people.

Down here on the desert we think the same. Hahn's plan might be given some study.

On the other hand, one of the objections voiced was that with nine supervisors there would be four more for debate and argument. That could well happen at Riverside, too.

ALSO NOTED in the public prints that Alcohol Beverage Control board plans to issue about 2000 more on-sale licenses in California next year with more than 100 allocated to Riverside County. Says they are needed to take care of the population growth. Present license holders can't see why. Competition is brisk enough right now. And think of the added expense in widening sidewalks.

SPEAKING of frisky beverages reminds me of something that always puzzles me while watching TV. What becomes of all that beer of various brands poured during the commercials? Each announcer fills from one to six glasses while extolling the virtue of his product—but none ever gets foam on his lips. Do they save it until off the air? Could be flat by then. Little things like that worry me.

RECENTLY, two airliners, with limitless space to maneuver in, happened to be at the same infinitesimal pin-point of the sky at the same time, with tragic results.

Last week two great ocean liners were at the same spot at the same time in all that vast expanse of sea. That few were lost belongs to an epic sea-rescue drama.

And there are people who still believe it can't happen to them on a crowded 50-foot highway.

And here's a definition of a temperamental person I read in the Town Journal: "Easy glum, easy glow."

Congressional Report

By JOHN PHILLIPS

In May 1934 dust storms blew 300,000,000 tons of topsoil from Texas, Oklahoma, Kansas and Colorado into the Atlantic Ocean, and nobody will ever know how many of the former residents of those states lost California. On August 9, silver was nationalized, to be bought at 50.01 cents an ounce.

The Frazier-Lemke act postponed farm foreclosures for five years, and your Assemblyman became the chairman of the California Farm Debt Adjustment Commission, which kept a thousand farmers on their own farms and enabled them to pay their own debts.

The U.S. joined the International Labor Organization. The USSR was admitted to the League of Nations on August 20. The New Deal swung to "reforms" in 1935, in its own words, rather than recovery. The National Youth Administration (NYA), a division of the WPA, was established by executive order, and Mrs. Eleanor Roosevelt was never able to distinguish between "youths" in its membership who were going through a phase in the intellectual development of all students, and "youths" in their thirties who were, in fact, dedicated communists. Alcoholics Anonymous was organized. President Roosevelt told Congress, "we must quit this business of relief," and immediately asked for more money.

THE RURAL ELECTRIFICATION Administration was established in May 1935. The name of an active young attorney named Thomas E. Dewey began to appear in the papers. Inheritance and gift taxes, surtax and corporation taxes, and increased income taxes went into effect. The piper was beginning to ask for his pay. Huey Long was assassinated. Italy went to war with brave but weak little Ethiopia. The U.S. wrote Italy a letter. Army pilots went up 14 miles in a balloon, in South Dakota, which was not as high as the members of the American Liberty League rose over New York when they learned, in 1940, that Roosevelt intended to run for a third term.

Sulpha drugs, from Germany, were put into U.S. use in 1936.

LIFE bought out the humor magazine I read when I was a boy, and became the first, great picture periodical. The bonus bill passed the Congress. Soil Conservation replaced the AAA. Hitler and Mussolini formed the Rome-Berlin Axis, neither partner closing both eyes in the presence of the other. Thirty-nine thousand maritime workers went on strike in October 1936, and Franz Schulte had to take his National Guard company to San Francisco.

Your Assemblyman was chairman of the Assembly committee on Agriculture. In 1936 I ran for the State Senate, not because I wanted to, but because the corporations and the farmers had a difference of opinion, and the incumbent Senator and I were innocent bystanders. I left Myron Bonham in Riverside to watch the count and do my worrying for me, and went to a dairy convention in Seattle. I won by 224 votes margin.

THE SIX YEARS FROM 1936 to 1942 were the most interesting and in many ways the most satisfying of all the 26½ about which I am writing. I was a State Senator; vice-chairman of the committee on Agriculture, and chairman of the committee on Institutions; I could live in California and occasionally get back to the desert, but the most interesting and effective job I ever did was one which developed unexpectedly in 1940. I shall tell you about that in another "installment."

On the national front, the "recession" set in, after four years of governmental effort to prove, unsuccessfully, that bureaucracy could circumvent economic laws; there were 440 strikes, mostly the new "sit-down" variety. The Golden Gate Bridge was completed? Roosevelt made an attempt to "pack" the Supreme Court; the Court reversed its previous decisions on the minimum wage for women, and upheld the National Labor Relations Act and the Social Security Act. The President asked for increased military appropriations. The Munich Agreement gave Czechoslovakia to Hitler.

GRIN AND BEAR IT

By LICHTY

"I am optimistic, gentlemen!... With the government's huge highway building program under way, surely the public will accept the challenge to overcrowd them!..."

MIKE CONNOLLY:

Roast Beef, Rushed and Rare

HOLLYWOOD — John Huston tested Susan Kohner, his business agent's daughter, for the femme lead opposite Greg Peck in "Typhoon." Evelyn Nesbit's left side was paralyzed by that stroke, a tough break for the old trouper. Darryl Zanuck's toughest chore—licking the censorship problems of Ernest Hemingway's "The Sun Also Rises."

Paul Brinkman almost had me convinced (he kept pouring it into my ear at a recent party) that he dearly loves Jeanne Crain and their four children. If true, those misconduct charges he leveled at Jeanne add up to the strangest manifestation of love I've witnessed since Jennifer Jones and Greg Peck gunned each other to death for love in "Duel in the Sun."

I was Jeanne's tablemate at Arthur Lubin's party for Ginger Rogers, where the host (no mean carver he) asked Giner, "How do you like your roast beef?" Giner replied, "Very rare — just rush it through a warm kitchen."

Marge and Gower Champion were among those gathered 'round Lubin's festive board. Their first child, if a girl, will be called Geneva because Gower was born in Geneva, Ill. If a boy, they'll call it Mark, because, said Marge, Mark goes with Champion.

Ann Rutherford, at the same party, told me how daughter Gloria, age 12, came home one day and told her about a new game they'd been playing at her school called air mail special delivery. Ann asked, "For goodness sake, what's that?" Gloria replied, "It's the rock-n-roll ver-

sion of post office." Bill Dozier, Ann's husband, was reminiscing about a party the late Atwater Kent tossed atop his Bel-Air mountain once in the dim past. Kent met and entertained so many people he rarely listened to them when they approached him in his reception lines. One evening it came Clifton Webb's turn to greet Kent. Said Webb, "Good evening, Mr. Kent. I just murdered my mother," to which Kent replied, "How charming of you to come" — and gently prodded Webb ahead in the line.

JO ANN GREER, who sings with Les Brown's band, sounds like Brown's old canary, Doris Day... A shriek-type dame in Richard Kayne's new play, "Single Man at a Party," is described as follows — "She was once a silent screen star but is now, as far as her husband is concerned, a long-playing record."

TV TOPICS... Paramount prexy Barney Balaban has pushed the green light so if Martin and Lewis want to go their separate ways in picture it's okay with everyone concerned. Only last year Dean and Jerry, who earned \$4,000,000 during the season, signed a five-year deal with NBC calling for four tele-shows a year at \$375,000 per show. Now the boys have asked their agent to work out a new arrangement with the network whereby the partners of nine years (whose latest movie is called "Pardners") will appear on TV singly, no longer as a team.

EARL WILSON:

Ingrid Going to Hollywood?

London — "It could be," said Ingrid Bergman — thin and beautiful in a queenly white Balenciaga gown — that she'll be back in Hollywood in a few months... for the first time in seven years.

"I'm not afraid of coming back!" The voice of the great star who gave up Hollywood in August 1949 for Roberto Rossellini was calm, steady and decisive.

Out at Ellstree Studios, she's filming "Anastasia" along with Yul Brynner and Helen Hayes. Her contract says she must return to Hollywood for retakes or dubbing if 20th Century-Fox wishes it.

"I would come back in case it is necessary for the picture," Ingrid told me. "It could be that I will be back."

Studio executives say she'll almost positively be back, maybe in October, maybe in December. They forecast an enormous welcome. The report she'd go to New York first for an Ed Sullivan TV show was, she told me, "a misunderstanding."

I FOUND INGRID in good humor. She called the latest rumor of a bustup with Roberto "cockeyed... completely cockeyed."

"Oh, brother!" She wearily shook her head. "That started in my native Sweden... from one of my so-called best friends."

Roberto was joining her here, via Paris. No, he wouldn't accompany her to America... it would be too fast a trip.

Everybody on the set seemed in love with her for her candor. I asked her about a Redbook interview in which she asked, "Why all the fuss?" about marrying Rossellini. She conceded she said it.

"Why not?" she shot back. This still-great beauty, the mother of four, is very busy in Europe. After this picture, she rejoins Roberto, 6, and the twins, 4, in Italy, then does "Tea and Sympathy" in French on the Paris stage.

"I'm a working woman," she said. "Saturdays and Sundays I work on my French. The rest of the week I work on English."

SHE LOOKED UP at the hot lights. "And here I melt. It's lunacy to work in the summer. Every day I pray to God it'll rain so we'll at least be cool. Do you want to go to lunch with us?" Of course I did. For I August night in '49 when she came back from Stromboli with Rossellini and told the world the great Rumor was true.

I met her in a hideaway apartment. Sitting there at midnight, she rebuked the press and public for interfering with her private life, proclaimed that she was not a saint ("I'm just a human being") and vowed that she no longer wanted to live in Hollywood.

Practically every year since she's told me she wasn't ready to go back... but seven years is a long time... the hostility she no longer has any real fears.

In fact, I felt as we walked to the restaurant that Ingrid feels kinder toward America than toward her native Sweden.

"That last rumor was printed," she said, "by a man I had gone to school with. I cabled him, 'What kind of a friend are you?' Of course he didn't answer."

As she, Brynner and I sat down, Ingrid announced: "Today I am going to have a beer!"

BRYNNER RAISED a window

and she asked him if it wasn't cold on his bald head.

"No, but it blows my curls into my face. Have a cigaret."

She laughed. I asked her if Roberto, who's turned paunchy, had lost weight.

"No. Because if you give him steak, bread and potatoes — he sends back the steak."

"Have you slowed down his fast driving?"

"I don't want to slow him down. It's his hobby. He drives his white Ferrari — his 'summer Ferrari' — even in the snow, gets stuck, and sleeps on the floor of the car under a blanket. You say to him, 'Why don't you take a train?' He says, 'Trains are no fun!'"

Ingrid said if she comes back to do American TV she'll have had the experience of seeing Italy's "500,000 Lira Question" which is so popular that both movies and plays stop while it's on the air — and if you ask a waiter for a cup of espresso, he snarls at you to be quiet till the program's over.

I walked back to the set with her and saw Anatole Litvak lead her and Brynner through a scene.

"See you again in a few months," I said. "Probably in America the next time."

And I thought she seemed real happy about the idea.

THE MIDNIGHT EARL IN N.Y. Jayne Mansfield's mother told Dallas newsmen Tony Zoppi that Jayne doesn't pose for cheese-cake photos: "The cameramen sneak up on her and take those pictures when she isn't looking!" Jack Carter's taking wonder drugs, hoping to escape a throat operation... Audrey Meadows returns to town this month to record with sister Jayne... El Morocco duo: Greg Bautzer and the missus, Dana Wynter... Vaughn Monroe will sing at both political conventions... Joyce Miles, a Marilyn Monroe-ish blonde singer, is getting the big buildup—five magazines will feature her pictures.

Edith Fellows, a kid star not too long ago, is auditioning for the Mammy Yokum role in "Lil Abner"... Rita Hayworth renamed her various companies: "Hayworth Productions"... Because of the ship crash publicity, the movie "Titanic" will be released... Anita Ekberg arrived Monday to plug her film... Artie Shaw's reported dating Paulette Goddard in Europe. Smirnoff vodka, opening distilleries in Havana and Mexico City, says it now gurgles—no, girdles—the globe...

Mike Todd claims he'll premiere "Around the World" in Moscow Oct. 15. David Niven and Cantinflas accepted... Men's style note: Jackets'll be shorter so your legs'll look longer and you'll look taller.

EARL'S PEARLS... No need to take a civil service exam—to work for the government all you need to know is how to fill out an income tax blank.

WISH I'D SAID THAT: "In the good old days history was made for a tenth of what it costs today."—Burns (Kans.) News.

TODAY'S BEST LAUGH: Signer Elise Rhodes says she'd like some handsome young man to teach her to play tennis, with no strings attached.

Toots Shor introduced Ernest Borgnine to jockey Eddie Arcaro, and boomed to Borgnine, "You won an award just once — this guy wins every week! That's earl, brother."

City Assumes Cost of False Arrest Insurance

City council Tuesday afternoon agreed to undertake the cost of false arrest insurance for Palm Springs Police officers, and appropriated \$475 for the fees for the next 18 months.

Cost of the insurance, offered through the California Peace Officers Association, is \$8.60 per year. For the past three years the insurance has been paid by the Palm Springs Police Officers Association, for association members only. The city is now assuming this obligation.

The association will continue to pay \$2 membership fees for its members, to the state organization.

Action by council was on recommendation of City Manager R. W. Peterson and Police Chief August G. Kettmann.

County Curb On Stay of Campers Urged

Something should be done to control the length of stay of campers in county campgrounds, Supervisor Paul Anderson said Monday. He said that under the present controlling ordinance, a camper may leave his camp for a long time and then return and spend only an hour at his campsite to renew his permit to stay on the same spot.

Many would-be campers are turned away because of the selfish campers who take advantage of present laws, according to Anderson, and he urged that something be done to improve the situation.

The board voted to ask the road commissioner for a recommendation.

Dunes Restaurant Granted Parking Space Variance

City council approved Tuesday the granting of a variance to Marian Dunn for alterations and addition to the Dunes Restaurant, without the providing of additional parking space.

Chief provisions of the variance were that \$7,500 be paid to a special fund for later acquisition of parking lots, and that it would not set a precedent for future waivers, nor would it exclude the Dunes owners from being required to participate in future parking district assessments.

Following this decision by council, a request was made by Kingston Stone and Madge Whitacre regarding a permit for establishment of a soda fountain at 196 North Palm Canyon Drive.

The matter was referred to the city's Off-Street Parking Committee for study and recommendation, as no provision for parking for the fountain's customers can be made by the applicants.

LEGAL NOTICE

CITY OF PALM SPRINGS
OFFICE OF THE CITY
PLANNING COMMISSION

THE PURPOSE OF THIS HEARING IS TO CONSIDER THE APPLICATION OF GEORGE E. CAMERON, JR., FOR A CONDITIONAL USE PERMIT TO ERECT A RADIO BROADCASTING TOWER WITH ACCESSORY BUILDINGS AND TO ESTABLISH RADIO BROADCASTING STUDIO.

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Palm Springs will hold public hearings on August 15, 1956 at 3:45 P.M. in the City Council Chambers, 3240 McCollum Way, Palm Springs, California, in the City of Palm Springs, County of Riverside, State of California.

The purpose of this hearing is to consider the application of George E. Cameron, Jr., for a Conditional Use Permit to build a radio broadcasting tower, having a height of 245 feet and accessory buildings on the E½ of the SW¼ of the SW¼ of the SE¼ of Section 2, T4S, R4E, S1/2E, said property generally located at the northeast corner of Vista Chino and Avenida Calaveras; and to establish radio broadcasting studios at "The Center," 174 North Palm Canyon Drive, said property generally located along the east side of North Palm Canyon Drive between Andreas Road and Tahquita Drive. This notice is being sent to all property owners of record within 400 feet of the aforementioned property.

Opportunity will be given at said hearing to all interested persons and the general public to be heard.

City Accepts Easement Deeds

City council Tuesday afternoon accepted grant deeds for street easement purposes from John Williams, covering Vella Road, Oleander Road, Camino Parocela and the north half of Sunny Dunes Road.

Action was taken on recommendation of Public Works Director Frank Hamerschlag and City Attorney Jerry Bunker, who pointed out that non-acceptance would hold up a street assessment project.

The city planning commission had recommended that improvements be made before the streets were accepted.

Now's the time to begin thinking about plants for fall colors in your garden. Plant colorful shrubs and perennials that will continue the color show from summer on to winter.

PROPERTY LINES

By the Palm Springs Real Estate Board

"Keep your face toward the sun, and the shadows will fall behind."

A friend of ours used that quotation in a book of his, recently published. He did not know its origin, and neither do we. But we have heard other similar quotations stemming from various lands. A noted revolutionist, whom our government now recognizes, had as his slogan "Cara al Sol." (Face the Sun.) And our friend, some time before his book was published, wrote an article about some words that had become a part of Armenian life—told to him by his grandmother—and translated, the phrase was identical—"Face the Sun."

Not too long ago, Bill Rashall, wrote a piece about this friend of ours—George Mardikian. And that little work was about the finest thing Bill has done. At this point, with our "Face to the Sun," we would like to add a few pertinent remarks along the same line. . . .

IN OUR OPINION the thing that Bill revealed about George Mardikian, in his article was a tenacity of spirit, and gratitude. Knowing George, as we do, we are aware also of a deep and unshakable faith in people, and in America. And though we have heard it said that books that do not express Realism are usually not too well received, we wonder what is more realistic than Faith. Good words deteriorate in meaning. That is a pity. Realism is thought of today in terms of clubs and knives and guns, mangled bodies, and broken heads. With this we take issue and look long at tenacity, gratitude, and faith for realism. For example:

In his book, "Song of America," George Mardikian tells of his arrival in America, after escaping Turkish persecution. A stranger, frightened and wary, he cast himself against the massive, Herculean breast of this new land, America. He found it rough and

tough. But he found something else. He found that through his undying faith there were those wondrous occasions when the mighty granite and steel, muscles and sinews of America would soften and comfort him, and from this tremendous mass that is America, he could draw vitality and strength to continue his rugged way.

HE FOUND THAT America is people, and in the people of America he had faith; and the principles upon which this nation was founded, and its people, did not disappoint him. So, after some 20 years, the once Immigrant boy sat down to dinner in the White House, with President Eisenhower. Today, it is hard to say whether George Mardikian is better known as a restaurateur or a philanthropist, for he has spent years of his life in an attempt to help his adopted country and its people in every way he can through unstinted service to America. This is gratitude. This is faith. This is realism. This is to "Face the Sun."

Now comes the Realtor. The motto for the National Association of Real Estate Boards is,

"Under all is the land." Your Realtor respects the meaning of this great statement. Believing in this statement the Realtor tries his best to see that "the land," his own community, is developed in the finest way possible.

He respects the fact that he is dealing in a truly fundamental,

intrinsic, commodity that is an inseparable part of life itself; the elements of food and shelter. To his work he brings his professional ethics, knowledge, and experience, so that he may serve the public in the highest degree possible. And he brings one more thing—faith. Faith in America. That's escrow for today . . .

Beaumont Blasts Leaguers' Championship Hope 17-14

Hopes of Palm Springs Little Leaguers for an area championship were shattered Saturday night by a strong Beaumont team, 17 to 14, in a wild game at Hemet.

The Village squad at one time held a 14 to 5 lead, but the Beaumont team rallied for nine runs in the fourth to tie the game, and added three more in the fifth for the winning margin.

Palm Springs players committed seven errors, while the Beaumont team was charged with four.

Gary Grossman was the leading hitter for Palm Springs, with three for five.

All Stars Going To Visit Angels Next Saturday

Palm Springs Little League All Star team will be guests this Saturday afternoon of the Los Angeles Angels at Wrigley Field.

Due to their game last Saturday night with Beaumont for the area championship, members of the squad were unable to go with other Little League players to the Pacific Coast League game, so this special trip was arranged.

Council Eases Building Freeze

Council Tuesday afternoon amended its previous resolution to the city planning commission which stopped all construction in Section 10, so that the commission could consider a proposed subdivision in the eastern portion of Vista Las Palmas No. 1.

Laurye's Team Scores Upset, Defeats DHS

Laurye's Steak Ranch scored the biggest upset of the Desert Softball League season Tuesday night by edging the Desert Hot Springs squad, 6 to 5, dropping the losers into second place.

The Palm House now holds the top spot by itself.

Bobby Marcus was the hero of the game, pitching five hit ball, and hitting a home run with two teammates on base.

Ponies, Colts Continue Wins

Both the Palm Springs Elks Pony Leaguers and Colt League squad continued their winning ways at the Polo Grounds Saturday night, scoring respective 6 to 1, and 8 to 2 victories over visiting Whittier teams.

Bobby Florio handled the mound duties for the Pony League nine, and LeRoy Segundo for the Colt League team.

This was the seventh win in 10 games for the Pony Leaguers, and the ninth straight for the Colt team.

Next games will be Saturday night at the Polo Grounds.

Council Defers Site Request Of Boys Club

A tentative proposal by directors of the Palm Springs Boys Club to relocate the clubhouse in the northeast corner of the Polo Grounds was deferred by city council Tuesday afternoon, with the recommendation that the directors look for a more suitable site, possibly at the proposed new school in Section 14.

Boys Club directors were not submitting a definite request, but were merely sounding out council on the possibility of locating there.

The suggestion originally had gone to the planning commission, and they had counterproposed that the northeast corner of Lincenau Village be considered. This also was termed "not the best location" by council, as that site has been reserved for future civic construction.

The Boys Club present quarters will have to be moved from the present location on Section 14, it was reported.

Bag, Cash Missing

Loss or theft of a pink straw bag containing a checkbook, \$3 in cash and miscellaneous articles, was reported to police Monday by Mitchell Summerfelt, 969 Paseo Caroleta.

STANDINGS

VOLLEYBALL LEAGUE
The White Sox defeated the Youth Center 21-16 and 21-13.
Laurye's Steak Ranch defeated the Police Department 21-15 and 21-17.
The Yankees won by default from the Jaycees.
The Blue Sox defeated the Indian team 21-15 and 21-12.

UNWANTED HAIR

Vanished away with Saca-Pela. Saca-Pela is not like ordinary depilatories that remove hair from the surface of the skin but penetrates through the pores and retards the growth of the hair. Loe-Reer Lab. Ltd. Ste. 5, 670 Granville St., Vancouver, B.C.

Frank Ripley Wins First Two In Net-Tourney

Frank Ripley, overall champion of the 1956 Junior City Tennis Tournament here, won his first two singles matches in the National Junior Tennis Tournament now under way at Arcadia, defeating Dale Crytzer of Los Angeles, 6-0 and 6-0, and Bob Knapp of Los Angeles, 6-2 and 6-4.

Gary Waters, high school champion, lost his initial singles match to Dick Leach of Santa Monica.

Biltmore Continues to Attract Honeymooners From Entire Nation

The Palm Springs Biltmore always attracts honeymooners. The latest young couple to enjoy its many pleasures are Mr. and Mrs. Charles H. Fry, Jackson, Mississippi. Mr. Fry is a geologist for the Seaboard Oil Co. in Jackson.

Other guests who were enjoying themselves were Robert W. Mairs and Buck Thompson, Orlando, Florida. Mr. Mairs is the general manager for the Winter Garden Products Cooperative, one of the largest frozen orange juice cooperatives.

Also R. S. Rutherford, J. B. Woolverton, Detroit; S. Stein, New York City; Mr. and Mrs. Frank M. Ashley, and Mr. and Mrs. D. R. C. Brown, who flew in from Denver in their own plane; Laurence H. Hertlein, Sandusky, Ohio; Mr. and Mrs. M. Heller, Mr. and Mrs. David Bush, Phoenix, Arizona; Mrs. Philip Kent and Ginzola Roosevelt, Scottsdale, Arizona; William Scarfire, C. Youngberg and Steve Youngberg, San Francisco; Max Cohen, and Carl Drilleck, Los Angeles; Mr. and Mrs. H. Crabtree, El Cajon.

Mrs. George Strebe was enjoying the good food and fun in the Garden Room with Georgann and Carrin Strebe, Alice Key and Carrington Woolley, Santa Fe, New Mexico. Lt. and Mrs. Wallace, who just returned from Germany with daughter, Valerie and Kimberley, were dining with Mrs. C. H. Powell and son, Tarry from Laguna

Mrs. Dawson Featured In Magazine

Velma Dawson, wife of Johnny Dawson of Thunderbird County Club, is featured in the August issue of House Beautiful as a woman who tries her hand at anything and succeeds at everything. She is regarded as a wonder to her friends. They think she was born with some special gifts that God didn't give to them.

She has been known to whip up at first try successful projects in the fields of mosaics, embroidery, wood carving, modeling with clay and plaster, puppet making and sewing.

She has turned her hand at almost all the crafts such as embroidery, big wall painting, decorative mosaics, sewing, carvings of wood, modeling with plaster, and makes puppets from scratch to the final stage performance.

Since she was fifteen, Mrs. Dawson has been making her puppets, doing her own modeling, engineering and stringing. She often entertains her friends in the little puppet theater at home. The stage, the lighting, the scenery and the curtain were all designed and made by Mrs. Dawson. She writes scripts and manipulates her actors, and recently completed a series of 32 movie shorts, for which she created the puppet characters.

She believes that with a little self confidence what she does can be done by any woman.

Villagers

Mrs. Cub Parker and children, Culver and Stephen are leaving on a month's vacation. They will spend two weeks in Santa Barbara with Mrs. H. C. Greenwell, Mrs. Parker's mother, and then go to Balboa Island where they have taken a beach house for two weeks. Mr. Parker will join them in Balboa.

George D. Gannon, executive vice president of Palm Springs Capital Company has just returned from Los Angeles where he attended a board of directors meeting.

Jim Sharpe has his mother, Mrs. Ella Sharpe, visiting him from Steele, Missouri. They plan a trip to Canada and will be gone a month.

Miss Edith Carlson, assistant publicist for the Chamber of Commerce, who is on a tour through Europe, writes from Heidelberg, Germany, that it is a lovely city.

Mr. and Mrs. William Tichenor, 930 Paseo Dorotea, girl, born 11:23 a.m., July 30, at Desert Hospital. Weight, seven pounds eight ounces.

Travel tip: Pack the whole family's sleepwear in one suitcase, so that when stopping for the night, only one suitcase will have to be carried in from the car.

Washable light switch plates are a good investment. If they are made of glass or tile, just suds them with a cloth or small sponge. If they are of metal, follow the washing with a brisk polishing.

Many Villagers Enjoy Summer Fun at La Paz

Among the many Villagers enjoying The Summer Club swimming at La Paz this summer are Mr. and Mrs. Wayne Langston and sons, Larry and Gary, Mr. and Mrs. W. F. Reyman, Dr. and Mrs. Beukema with Stephanie and Jackie, Mr. and Mrs. L. C. Saege, Mr. and Mrs. Chester McCarthy and children, Cathy, Timmy and the twins, Susan and Sandra.

Also Mr. and Mrs. Kelvin K. Larsen and children, Cammie and Drake, Mr. and Mrs. Edward D. Nesbitt, and from Poughkeepsie, New York, six-year-old Beth Krochmal.

Mr. and Mrs. Arch Starrett, resident managers at La Paz, started this club last year.

Derbonne Leaves For West Indies

Carl Derbonne of Carlos's Shop for Men, left Wednesday morning for Los Angeles to attend to business plans before enplaning for the West Indies.

He will be gone three weeks and some of the places he expects to visit are Havana, Port Au Prince in Haiti, Dominican Republic and Puerto Rico. On the return journey he will visit Montego Bay in Jamaica.

Mina Price Returns Home

Mina Price of George Wells Fashions has just returned from a five week vacation trip to the interior of British Columbia.

While there, she stayed with the Roman Somaulas at their ranch north of Kamloops. From there they flew to Bear Lake for two weeks of lake fishing, then drove to Hollister where she was met by Mr. Price.

She reported very good fishing and perfect weather and scenery.

Wrong Caption

In the Monday edition of the paper a picture of Mr. and Mrs. Sam Bork appeared with the wrong caption. It should have read: Vacationing in the West Indies are Mr. and Mrs. Sam Bork of 880 San Lorenzo Road, who are guests at the Tower Isle Hotel in Jamaica, British West Indies. They are pictured above on the beach at the popular resort. Mr. Bork is owner of the Desert Bootery.

Marj Pohl, Racquet Club publicist, will leave Friday for a trip back East. She will take her father, E. A. Pohl, and nephew, Eric. They plan to visit Louisiana and Texas, and before returning to Palm Springs will visit Northern Canada. They will be gone six weeks.

ENGAGEMENT OF DELORES CONN, daughter of H. C. Conn of Albany, Oregon, to Ralph Galzerano, son of Mr. and Mrs. V. L. Galzerano of 272 Camino Buena Vista, was announced this week. They will be married September 15 at Our Lady of Solitude. Miss Conn is employed by California Water and Telephone Co. and Mr. Galzerano by the Bank of America. (Anderson Photo).

Two Birthdays Marked Sunday

Mrs. Reba Mason and Evelyn Spikre celebrated at a double birthday party Sunday evening at the summer home of Mr. and Mrs. Mason in Idyllwild.

Among those driving up from Palm Springs for the celebration were Mr. and Mrs. Harry Tonlinson, Erma Panlough and son, Clayton, John Cronholm, and Shelby Gray.

A buffet supper and birthday cake was served outside on the sun deck.

Stuart Clarke To be Wed Aug. 4

Mrs. Verna Clarke is going into Los Angeles Saturday to attend the wedding of her son, Stuart, to Jolene West, daughter of Mr. and Mrs. Milton W. West of Lomita, Calif.

Following the ceremony at the home of the bride's parents, a reception will be held in the garden. After a honeymoon in the north the couple will reside in Santa Monica.

Cool Soups Help Beat the Heat

Chilled soup for a hot day—a sure way to perk up appetites which tend to lag in the summer. Make cooking the soups easy by preparing them in the cool of the morning and letting them chill until serving time.

Here's one cool combination — asparagus and cucumber. You will need 1 can (No. 300) of California white asparagus; 2 cups chopped cucumber; ¼ cup finely chopped onion; 1 teaspoon of salt; 1 cup of milk; and 1 cup light cream.

Combine the undrained asparagus, cucumber, onion and salt. Cook over low heat 20 minutes, put through a sieve or food mill. Add milk and cream and chill thoroughly. Garnish with parsley when ready to serve.

Carol Miller Is Writer in Mexico City

Carol Miller, daughter of Mr. and Mrs. Ray Miller, has been in Mexico City for the past six weeks working as a correspondent and translator for Rolland Publications. She has covered several exciting news events for their magazine, "Mexican Life."

Miss Miller was graduated from Palm Springs High School in 1951. She was editor of the school paper and year book, and also chosen valedictorian of her class. She attended the University of Arizona for a short period.

During the past year, she has had articles published in several magazines here in the United States. Her "Jazz and Poetry" was a feature of the "Metronome Magazine Year Book."

The Writer's Group in Palm Springs invited her to be a guest lecturer at a meeting during the past season, and at that time, she told of her exciting, six months trip, taken by second class bus a year and a half ago, to every corner of Mexico.

Miss Miller will return to the desert around the middle of August for a two-week stay, then will return to Mexico City to begin a one-year association with the Publication Firm, as a writer. She is also to work on a television series for Televisio Centro.

Waltah Clarkes Parents of Son

Waltah and Gretchen Clarke, of the Hawaiian Shop, are the parents of a son, Waltah Vernon Clarke, Jr. The baby was born at Hoag Memorial Hospital, Newport Beach, July 28 at 8:17 a.m. His weight was eight pounds, 13 ounces.

a better figure than I had at 21

This is what you'll like if you've experienced the power of Stauffer Home Plan. The beautiful figure you must have correct weight, proper measurements and postural balance. Stauffer Home Plan helps give you all three. This plan of passive exercise and reduced caloric intake trims inches from your hips, tummy, legs and arms. Your posture is lifted, beautified, muscle firmed and tightened. Yet you simply lie down and relax.

Stauffer Home Unit is attractive, portable, compact. Folds like a card table. The Stauffer Home Unit may be rented by the month, or you may buy it for as little as \$9c a day.

stauffer HOME PLAN

Let a Stauffer Home Plan representative demonstrate how easily and pleasantly you can gain a more beautiful figure right in your own home. No obligation. Write or call today for a courtesy demonstration.

NOTICE OF TRUSTEE'S SALE
TS No. 8166 N/P

ON AUGUST 16, 1956, at 10:00 A.M., LAND TITLE COMPANY OF RIVERSIDE County as Trustee under and pursuant to Deed of Trust dated September 2, 1955, executed by Pola Van Eng, a married woman, and recorded September 22, 1955 in Book 1797, Page 67, of Official Records of the County of Riverside, California, will sell at public auction to highest bidder for CASH (payable at time of sale in lawful money of the United States) the Main Street entrance of the County Court House in the City of and County of Riverside, California, all right, title, and interest therein, and all right held by it under said Deed in the property situated in the City of Palm Springs, in said County and State described as said Lot 18, as recorded in Book 1897, Map Book 30, Page 38 of Maps, Records of Riverside County, California.

Said sale will be made, but without covenant or warranty, express or implied, regarding title possession, or encumbrance, to pay the unpaid balance of the principal sum of the note secured by said Deed, to-wit: \$4000.00, with interest from March 25, 1956, as in said note provided, together with advances, if any, under the terms of said Deed; and charges and expenses of the Trustee and of the trustee created by said Deed.

The beneficiary under said Deed, by reason of a breach or default in the obligations secured thereby, heretofore obligated and delivered to the undersigned, written Declaration of Default and Demand for Sale, and written notice of breach and of election to foreclose, on April 16, 1956, the undersigned caused notice of breach and of election to be recorded in Book 1897, Page 178, of said Official Records.

LAND TITLE COMPANY OF RIVERSIDE COUNTY)
As Said Trustee.
By JOHN J. PEARCE,)
County Clerk and Secretary
Publish July 26, August 2, 9, 1956.

CERTIFICATE OF FICTITIOUS NAME
NOTICE IS HEREBY GIVEN that the undersigned corporation is conducting a general restaurant and cafe business with the usual incidents thereto in the City of Palm Springs, County of Riverside, State of California under the name and style of "THE SPRINGS" and that its name in full and place of residence are as follows:

ZODIAC, INC., a California corporation, 899 South Palm Canyon Drive, Palm Springs, California.
DATED: July 12th, 1956
ZODIAC, INC., a California corporation, By R. Daniel Lyons, Secretary
STATE OF CALIFORNIA)

COUNTY OF RIVERSIDE)
ON this 12th day of July, 1956, before me, ROY W. COLGATE, a Notary Public in and for said County and State, personally appeared C. C. TURNER, known to me to be the President, and DAVID L. LYONS, known to me to be the Secretary of ZODIAC, INC., the corporation that executed the within and foregoing instrument, and known to me to be the persons whose names are subscribed to the within instrument on behalf of the corporation therein named and acknowledged to me that they executed the same.

WITNESS my hand and official seal, at ROY W. COLGATE, Notary Public in and for said County and State.

California Only State With Perfect Climate, Says New 'Thermidity' Book

The coastal strip of California is the only area of the United States with a perfect year-round climate, Dr. Richard M. Page, Chicago psychologist, says in his recently published book "How to Pick the Right Climate."

Dr. Page is the inventor of the

"thermidity" rating, which tells how people feel under varied conditions of temperature and humidity. Applying thermidity to 170 cities in the United States for which Weather Bureau data are available, his book gives seven year-round climate ratings as follows:

1. The mild-all-year climate, with summers cooler than the U.S. average and winters warmer. Only coastal California rates this category.
2. The moderately hot climate, with summers about the same as the average and winters somewhat warmer. This applies only to a strip of California just inland of the coastal area.
3. The moderately cold climate, with cooler than average summers and about average winters. This category includes the western half of the states of Washington and Oregon.
4. The moderate hot-cold climate, where winters and summers are about the same as the U.S. average. "The compromise type of year-round climate is surprisingly difficult to find," Dr. Page reports. It occurs in eastern Washington and Oregon, around Denver, Colorado, and Flagstaff, Arizona, in a thin band running along the Appalachians through parts of Pennsylvania, West Virginia, Virginia and North Carolina, and along the Atlantic Coast from Long Island to Cape Cod.
5. The rugged winter climate, where winters are severe and summers not too bad. This extends in a broad band across the northern third of the country east of the more pleasant climates in Washington and Oregon, dipping down in the Rockies all the way into northern New Mexico.
6. The enervating summer climate, where winters are mild but summers are "distressing hot." This includes everything roughly south of the Ohio River and, with the exception of the Rockies, straight on west.
7. The extreme hot-cold climate, which is uncomfortable both in winter and in summer. This includes a broad curved swathe through Nevada, Utah and New Mexico, a bolt through Nebraska, Iowa, middle and southern Illinois and Indiana and a small part of Ohio, and small patch of south-eastern Pennsylvania.

His data are for year-round living or for the business executive planning location of a new plant, Dr. Page points out. In January, the only really comfortable climates are Florida and parts of the Gulf Coast, California, and Arizona.

Wood Plane Stolen

Theft of a Stanley block plane from a construction job on South Palm Canyon Drive was reported to police Monday by William J. Hawkins of Palm Desert.

WAL Earnings Hit New High For First Half

Net income of Western Air Lines, Inc., for the first six months of 1956 was a record \$1,119,248, or \$1.50 a share, as compared with earnings of \$751,819, or \$1.01 a share, for the same 1955 period, it was reported today by J. Judson Taylor, the airline's vice-president and treasurer.

While first-half profit was realized from the sale in the first quarter of aircraft scheduled for retirement from Western's fleet, strong recovery from a 73-day strike during that period was disclosed in second-quarter earnings from operations of \$65 a share, equal to last year's record quarter, Taylor pointed out.

Net earnings for the 1956 second quarter totaled \$485,486, as compared with \$482,911 for 1955's second period.

Outpost Water Hearing Aug. 8

California Public Utilities Commission will hold a public hearing on the application of Palm Springs Outpost Water Company, a corporation, for a certificate to extend its operations into adjacent territory near Palm Springs, Wednesday, August 8, in the commission courtroom, Mirror Building, 145 South Spring Street, Los Angeles.

At this time and place, or at subsequent hearings, all interested parties may appear and be heard.

Chrysler Art Works Exhibit, Lectures Set

A special series of lectures, films and guided tours in conjunction with the current exhibit of 101 Masterpieces from the Walter P. Chrysler, Jr., Collection of Paintings was announced this week by the Los Angeles County Museum.

Sunday lectures at 3 p.m. in the East Habitat Hall will include talks by Millard Sheets on "The Place of the Artist-Craftsman" (Aug. 5), Vincent Price on "Enjoying Great Art" (Aug. 12), Dr. Richard F. Brown on "Collecting Masterworks for the American People" (Aug. 19) and Frances Nugent on "We the People Look at Art" (Aug. 26).

On Tuesday evenings at 8 p.m. there will be special showings of films on the general subject of European Art, and on Saturday mornings at 10:30 a.m. special lectures on the exhibition for children. Every afternoon at 2 p.m. guided tours of the collection will be conducted by Miss Nugent and John Baxter.

The Chrysler Collection, one of the great private collections in the world, will be on view at the County Museum every day except Monday through August 26 from 10 a.m. to 5 p.m. and Tuesday evenings until 10:30 a.m. Admission to the exhibit itself is 50 cents for adults and 25 cents for children, but there will be no charge for attendance at the lectures and other special events.

Driver Who Hit Barricade Cited

Larry Joe Brown, Beaumont, was cited for hit-and-run property damage after his car struck a barricade on South Palm Canyon Drive near Ramon Road about 12:15 a.m., Saturday.

Officer Nick Maff, while on routine patrol, noticed that one of the barricades and "Keep to the Right" signs had been struck by a vehicle, and skid marks showed that the impact might have caused a flat tire.

A check of service stations found that Brown was waiting in one to borrow a jack. He was taken to where his car was parked on Ramon Road, and it was found to be the one which had struck the barricade, Maff said.

Brown said that he had not known that any damage was caused to anything but his own vehicle.

Alleged Parole Violator Seized

Richard Brown Arenas, 29, was arrested by Palm Springs police Friday on a parole violation charge, on complaint of a San Diego Probation officer. He was transferred to Riverside later in the day.

2 Police Aides Here To Attend Conference

Capt. Orest Johnson and Sgt. Bob White of the Palm Springs Police Department will attend the Southern California Quarterly Burglary Investigation Conference at San Bernardino Friday night. Johnson, who is on vacation, will return for the meeting.

Rock Thieves Elude Police

Rockhounding on a large scale was reported to police Friday. Several men in a car were reported taking rocks from a vacant lot on Araby Drive.

Police went to the scene, but the suspects had left.

Minor Damage in Car And Truck Collision

Minor damage was caused to vehicles driven by James Robert Remick, Indio, and Barbara T. Coheen, 380 North Indian Avenue, at 11:47 a.m., Friday, at the intersection of Amado Road and Indian Avenue.

Remick was driving a ton and a half truck, and Miss Coheen was driving a 1955 model car.

Fish have a relatively short life span. For most species it is 10 years or less.

Something Wonderful Happens

When You LIVE BETTER—ELECTRICALLY

A modern electric clothes washer and clothes dryer can help you "Live Better—Electrically". But have you seen a really modern electric clothes washer and dryer lately? If you haven't looked recently, you owe it to yourself.

Today the electric washer doesn't just wash clothes. You "tell it" what kind of clothes you're washing, and it "thinks". It washes clothes gently in warm water or it uses hot water for those hard-to-clean clothes. It washes them thoroughly and rinses them thoroughly and then wrings them out—while you're doing whatever else you want to do inside or outside the house.

And the dryer 'spells the end' for back-breaking, hot labor at the clothes line. Your clothes come out sunshine fresh, fluffy and ready to put away or iron with a modern, cool automatic electric iron.

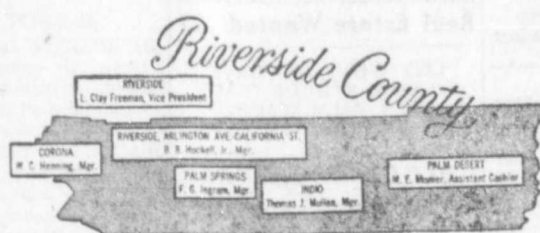

YOUR LOCAL ELECTRIC APPLIANCE DEALER CAN SHOW YOU THE WAY AN ELECTRIC CLOTHES WASHER AND ELECTRIC CLOTHES DRYER CAN HELP YOU TO "LIVE BETTER—ELECTRICALLY"—and with a low, easy payment plan to make your dream of better living—electrically come true today.

CALIFORNIA ELECTRIC POWER COMPANY

People in Riverside County attract a lot of interest with their savings, too!

They received more than \$490,000 worth of interest just last year, for instance, on their Bank of America savings accounts. And they enjoyed a good many benefits in addition to interest! That's because our bank kept their savings busy, building for better living, better learning and better working here in our county... building homes, schools and other public works, business, industry and agriculture. Bank of America serves Riverside County in many other ways as well. We're statewide, sure... but local, too!
